

***Unsanctioned League* by Joseph D. Smith**

Joseph D. Smith formed the Unsanctioned League , who are considered as a united nation, no matter where you are from, aimed at promoting tolerance and understanding. The league believes that you have the right to do whatever you want as long as you don't infringe on other's rights to do so. They are a loose association, you can freely associate with them. They aim to change the world through advocacy and social justice. They hold those in power accountable for their actions! The league will also praise those in power who do the right thing, and they will make sure their names are immortalized, only when they want the attention, otherwise they may want their names to remain private. Respect each other's privacy, umkay?

No matter what you do, as long as you are harming nobody, you should be able to do whatever you want, even if it harms yourself. That is what the Unsanctioned League is about! There will be no official Unsanctioned League website, so you are free to create your own. This league is decentralized, with no leader and no governing rules nor bodies. All you have to do is declare yourself as a member!
